CONFERENCE BOOK

Welcome Note

Dr. Faisal Khanani

Dr. Naser Al Zein

Dear Colleagues,

It is with great pleasure that we welcome you to the **4th International Conference on Hemophilia and Rare Bleeding Disorders**, organized in partnership with the **World Federation of Hemophilia**. This prestigious event will take place on **October 11-12, 2025**, at the **Grand Hyatt Hotel, Abu Dhabi, UAE**.

This conference serves as an exceptional platform to showcase the latest advancements, exchange cutting-edge scientific knowledge, and discuss innovative clinical applications. Our collective goal is to enhance the care and treatment of patients living with hemophilia and rare bleeding disorders in the UAE and beyond.

The scientific committee has carefully curated a comprehensive two-day program that addresses current challenges and explores the latest developments in the field. We are honored to feature a distinguished panel of nationally and internationally renowned experts who will share groundbreaking research, clinical insights, and best practices to address some of the most pressing issues in hemophilia and bleeding disorders.

This conference not only provides outstanding educational opportunities but also fosters meaningful networking and collaboration among peers and experts in the field. The scientific program is designed to offer a rich variety of educational sessions, including, Keynote lectures by leading experts, Case presentations and real-world clinical applications, Panel discussions and debates on emerging challenges, Interactive sessions with industry leaders and specialists in hemophilia and bleeding disorders.

We have embraced an interdisciplinary approach, ensuring that this conference offers a unique opportunity for professionals from academia, research, and industry to connect, collaborate, and establish strong scientific networks. The program is structured to provide diverse learning experiences, bringing together seasoned experts, researchers, clinicians, and young scholars to foster a dynamic exchange of ideas.

In addition to the intellectual rigor of the event, this meeting will serve as an ideal platform for building and strengthening relationships with both national and international participants. It is our hope that this conference will facilitate meaningful connections, inspire innovative thinking, and drive progress in the field of hemophilia and rare bleeding disorders.

We are confident that this event will provide an enriching, memorable, and impactful experience for all attendees. Together, let us explore the latest knowledge, breakthroughs, and innovations that will shape the future of care for patients with hemophilia and rare bleeding disorders.

We look forward to a successful and inspiring conference.
